CYBERSECURITY SERVICES & SOLUTIONS

MAD Security is the premier provider of managed security services and cybersecurity solutions combining technology, services, support, and training. MAD Security enables clients in a wide range of verticals to manage risk, meet compliance requirements and reduce costs while maximizing security effectiveness and operational efficiency.

No industry or organization is immune to cyberattacks as technology and business processes are becoming more sophisticated and demanding. By partnering with MAD Security, your organization can focus on operating your business effectively while ensuring your network security is in good hands without putting the burden on your internal resources.

By the end of 2025, the cost of cyber crime is expected to reach between $1.2 and $1.5 trillion annually*

Is YOUR organization prepared?

MAD SECURITY CYBERSECURITY SERVICES

MANAGED SECURITY SERVICES

Our Managed Security Services provide a proactive and cost-effective solution for organizations to detect and respond to cybersecurity threats, 24 hours a day, 365 days a year, with no added headcount or capital outlay.

OPERATIONS

The MAD Security professional services team has deep expertise in delivering, maintaining, recruiting, training, integrating, and consulting on a broad range of cybersecurity technologies and solutions. This team of experts is truly committed to making a difference focused on ensuring your organization has the most effective cybersecurity strategy possible.

TECHNOLOGIES

MAD Security partners with leading product vendors who have an established history for providing innovative solutions that meet our clients' unique business requirements. We proactively engage in knowledge share with these partners ensuring we are using the most up-to-date best practices prescribed for their technologies.

TECHNICAL TESTING

Our Penetration Testing and Assessment Services identify weaknesses before attackers do by giving you a detailed picture of the vulnerabilities that exist in your applications and the risks associated with them.

GOVERNANCE, RISK & COMPLIANCE (GRC)

MAD Security's GRC Services ensure your enterprise has a proactive approach for adhering to mandated government regulations, risk management and the compliance associated with those regulations. We help you control risk exposure with actionable remediation steps.
